

WHAT'S IN IT FOR YOU?

Advertisers Can Tell You:

We have been very pleased with the phone calls and inquiries we have received as a result of our advertising in **The Softwood Forest Products Buyer**. As a remanufacturer producing ornamental timbers and specialty products with an extensive milling facility we were amazed by the phone calls we received from our customers regarding the feature story you did accompanied

by photographs.

Our company has a small sales staff and *The Softwood Buyer* provides Richardson Lumber and Manufacturing the ability to target our customers and potential customers and we definitely see the VALUE!

We have had a long-standing partnership with *The Softwood Buyer* and advertised since 1985 in their publication on a regular basis. They have a proven reach and exposure throughout the industry. The amount of conversations with new potential customers that start with 'I saw you in *The Softwood Buyer* is measurable'.

Robbins Lumber has utilized **The Softwood Forest Products Buyer** since its inception in 1985. We believe in keeping our name, products and services before the markets we serve.

There is also another reason why we continue to do business with Miller Wood Trade Publications. Miller Wood Trade Publications has continually shown their commitment to the Sawmill Industry. The Miller family is an active supporter of many of the associations within our Industry. The Miller family are not just publishers, they are as much a part of this industry as any other sawmill. Their relationships throughout the entire industry have led to introductions that have turned into meaningful business for Robbins Lumber. We support them because they support us. It's as simple as that. Thank you to Terry and all of the employees of Miller Wood Trade Publications for everything you do!

Alden Robbins

We advertise in two or three publications, but we get the highest response in terms of number of calls and quality of inquiries from *The Softwood Buyer*. Your newspaper has worked better than any other advertising we have used. Our Ads, news items and photos appear regularly and they result in buyers contacting us. Then we call them back two or three times and finally we start doing business with them. It may take six months from the initial contact, but we have made customers from our use of your newspaper. As a result, we have just doubled our advertising space to half page sizes and we have gone from black and white to the use of color.

Even with current customers we see positive results. They will call us and say they saw our picture or an article about our company in your paper and it generates conversation and a chance to get to know one another a little better. Anytime we can get information out to customers or potential customers and have them respond, that's helpful to our business.
